You must try to resolve your problem with a staff member before you submit a formal complaint. The only exception is when appealing the results of a disciplinary hearing.

Who did you talk to (name, title)? Major Todd K. FundiWhen? 6-20-2018What was their response? Look into it.What action was taken? None.

State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number if appropriate

Grievances were not picked up on 12 Building A-Pod 3-Section deliberately by Grievance Investigators --- they were on the Pod but purposefully skipped this section to further deny access to courts on top of the Grievance System policies that already violate Federal Law and deny access to courts, violating due process rights, interfere with my Protected Conduct of filing Grievances, and not giving me equal protection of the law.

This is part of the conspiracy against my rights and deprivation of my rights under color of law and needs to stop immediately. This is not an isolated incident of evil intentions & motives being done deliberately by the Grievance System & Staff.

Action Requested, to resolve your Complaint.

Grievances picked up and processed. Conspiracy against my rights & Deprivation of my rights Under color of law to stop immediately and Federal Laws honored by Grievance System & staff.

Give reason for appeal (Be Specific). I am dissatisfied with the response at Step 1 because...

It completely failed to resolve the issue of an ongoing criminal activity by Grievance staff and there is plenty of evidence on all the security video cameras data. Activity Logs need to be reviewed and compared to video evidence and all data needs to be saved for evidence for litigation.

My Human & Civil Rights are being violated by Major Todd K. Funai, Warden Kempt, and the Grievance Investigators involved in this crime while acting under color of state law which also very greatly increases my punishment above and beyond what the State Court sentenced me to on December 2nd 2005 specifically by conspiring together against my rights, obstructing justice, perjury, denial of access to courts, violating due process of law, retaliating & harassing against me for seeking legal relief, cruel & unusual punishment, violating my "Protected Conduct" of filing grievances deliberately, violating my equal protection of the law rights, trying to cover up criminal activities, deliberate indifference & gross negligence about criminal activities being perpetrated by Grievance Investigators, leaving me in a situation where I am at risk of harm, deliberately exacerbating my mental illness by tormenting me on purpose, evil intentions & evil motives, etc.

All these individuals know exactly what they are doing is very wrong and they still do it regardless of that fact because they think they can abuse the mentally ill and get away with it. It's very wrong and must be stopped.

Warden Kempt did not even try to investigate this illegal activity? There's plenty of evidence to review so he is obviously lying to cover up crimes by these Grievance Investigators so what he put as a response to the Step 1 Grievance # 2018155128 is actually perjury on a legal document and is obstructing justice and is being done in conspiracy with the other involved individuals against my rights.

It completely failed to resolve the complaint due to the fact that Grievance Investigators Margaret M. Price, Tammy L. Rainey, and Monte P. These individuals very deliberately ignored Federal & State Law and ignored T.D.C.J. Policies & Administrative Directive - 03.82... Who did you talk to (name, title)? Grievance Office When? 8-22, 23-2018

What was their response? Submission in excess of 1 every 7 days

What action was taken? Grievance # 2018185506 improperly screened & processed deliberately

State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number if appropriate.

Grievance Investigator Tammy L. Rainey very deliberately violated my protected Conduct of Filing Grievances. She improperly screened an Emergency Grievance knowing that any Grievances alleging harassment or retaliation for exercising access to courts rights shall be coordinated with Office of Inspector General and processed as an Emergency Grievance according to Federal & State Law and which is very clearly explained also in "Administrative Directive - 03.82 (rev.8)" Section V part 4 regarding Emergency Grievances. But Tammy L. Rainey doesn't care about the Law.

But Tammy L. Rainey et al. have been violating my rights for quite some time now in a very real conspiracy against my rights while acting under color of state law. My Human & Federal Rights are being violated by Grievance Investigator Tammy L. Rainey which also greatly increases my punishment above & beyond what the State Court sentenced me to on December 2nd, 2005 specifically by conspiring with others against my rights illegally, violating my protected Conduct of Filing Grievances, deliberately not processing Grievance #2018185506 properly, ignoring Federal & State Law to cover up crimes, cruel & unusual punishment, retaliating against me & harassing me for seeking legal relief, interfering illegally with my access to courts rights, violating my due process of law rights, perjury on an official document, obstructing justice, ignoring AD-03.82 deliberately, refusing to coordinate Grievance #2018185506 with the O.I.G. as demanded, and violating my equal protection of the law rights...

Tammy L. Rainey is violating my Human & Federal Rights very deliberately with evil intentions & evil motives and has been for quite some time now. She totally disregards the Supreme Law of the Land. She does not care at all about my Human & Civil Rights.

Appendix F

Ever since February 13th 2018 I have had my rights violated non-stop from many different levels & departments. It is very plainly clear there is a real conspiracy against my rights with a bunch of people acting under color of state law involved. I refuse to give up my Human & Federal Rights and I will continue to push towards litigation and legal relief. The abuse against me needs to be stopped immediately. Just because I'm mentally ill doesn't mean I'm retarded! You people involved in this conspiracy against my rights are all the way wrong and desperately need to face the consequences of yalls' actions which are highly illegal & very inhumane. I want all my Victims Rights for every crime against me and I fully intend on getting exactly that when the right time comes as I seek legal relief for crimes against me!

A Full investigation into crimes. Stop retaliating against me for using my access to courts rights. Action Requested to resolve your Complaint. Transfer me away from Anderson County, protect me from Tammy L. Rainey's evil intentions & evil motives. Investigate Grievance #2018185506 with the O.I.G. & process correctly. Stop conspiracy against me.

Grievance Investigators Margaret M. Price "the Supervisor, Tammy L. Rainey, and Monte P. Nabors once again have deliberately refused to process a Grievance according to Federal & State Law and also BP-03.77 & AD-03.82. Grievance # 2018178885 is clearly an Emergency Grievance that is supposed to be coordinated with the Chaplaincy Department. But these individuals are busy conspiring against my rights et al and disregard the Federal & State Law and also disregard BP-03.77 & AD-03.82. also violates on equal protection of the law rights and exacerbates my mental illness by deliberately violating my rights and provoking me on purpose to be constantly angry every single day and raging inside against inhumanity being perpetrated against me deliberately with evil intentions & evil motives et al., etc.

These individuals et al know exactly what they are doing and they also know it is against Federal & State Law and also violates Board Policy 03.77 & Administrative Directive-03.82 but they do it anyways which is very clearly criminal behavior and needs to be investigated with the O.I.G. properly. You must attach the completed Step 1 Grievance that has been signed by the Warden for your Step 2 appeal to be accepted. You may not appeal to Step 2 with a Step 1 that has been returned unprocessed.

Give reason for appeal (Be Specific). I am dissatisfied with the response at Step 1 because...

Warden Charles O. Meador II knows very well about BP-03.77 & AD-03.82 which reflects Federal & State Law and shows/explains Emergency Grievances very clearly. He knows that a complaint regarding a Burden on the Free Exercise of Religion was supposed to be processed as Emergency and coordinated with the Chaplaincy Department in Grievance #2018178885 and He also knows that a complaint alleging harassment or retaliation for exercising access to courts rights was supposed to be processed as Emergency and coordinated with the Office of Inspector General. Warden Charles O. Meador knows that this complaint #2019006273 was also not processed properly according to AD-03.82 and Federal & State Law. Why was the Chaplaincy Department and the Office of Inspector General avoided? What are they trying to hide? --- resubmit my Grievances or documents through the Unit Grievance Office for further review after they already rejected them 3 times? and here in Grievance #2019006273 He falsified an Official document that is Protected under Federal Law knowing very well that neither one of these Grievances were processed in accordance with policy? What policy is He talking about? Never heard of it or saw it anywhere and if that policy existed it would make a contradiction with BP-03.77 & AD-03.82 so it's obvious He is obstructing Justice and participating in the Religious Discrimination being used against me and He is violating my Protected Conduct of filing Grievances & interfering with my attempt to get Legal relief by exercising my access to courts rights. That is cruel & unusual punishment and is severely agitating ~

 my mental illness and causing me severe mental, emotional, and spiritual pain and suffering non stop. Warden Charles O. Grievance Response:

An investigation has been conducted into your complaint. A review of your grievance history reveals that you submitted grievance #2018178885 on 8-10-18 within 4 days of grievance #2018175876. Records indicate that you then made a second submission of said grievance on 8-27-18 within three days of previous submission, #2018186369. The third submission was received on 8-29-18 on the same day as #2018188730. This grievance was returned to you unprocessed due to you attempting to submit more than one grievance in a seven day period. Per policy, only one grievance will be processed every seven days. There was no conclusive evidence of policy being violated regarding the screening of grievance # 2018178885. Be advised; complaints of discrimination based on religion do not rise to the level of an Emergency grievance and are subject to all screening criteria as they apply. No further action warranted by this office.

~Emergency~

You must try to resolve your problem with a staff member before you submit a formal complaint. The only exception is when appealing the results of a disciplinary hearing.

Who did you talk to (name, title)? Grievance Office When? 8-27, 29-2018 & 4-6-2018
 What was their response? Submission in excess of 1 every 7 days
 What action was taken? Grievance # 2018187454 deliberately not processed correctly by corrupt staff

State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number if appropriate

Grievance Investigators Margaret M. Price, Monte P. Nabors, and Tammy L. Rainey all three deliberately refused to process Grievance # 2018187454 and coordinate it with the Office of Inspector General as demanded by Federal & State Law and BP-03.77 & AD-03.82 in order to conspire against my rights et al and obstruct Justice for crimes being perpetrated against me illegally. This is not an isolated event, instead, it's ongoing criminal behavior being perpetrated against me non-stop... And on top of that ignorant illegal behavior, Monte P. Nabors investigates a Grievance about his own bad behavior which is plainly wrong.

My Human & Federal Rights are being violated by Margaret M. Price, Monte P. Nabors, and Tammy L. Rainey et al while acting under color of law which very greatly increases my punishment above & beyond what the State Court sentenced me to on December 2nd 2005 specifically by conspiring against my rights et al, depriving me of my rights under color of law, Obstructing Justice by deliberately ignoring Federal & State Law and BP-03.77 & AD-03.82 in order to cover up criminal & civil violations, falsifying official documents, interfering on purpose with my attempts to exercise my access to courts rights and violating my due process rights by tampering illegally with my protected conduct of filing Grievances, Cruel & unusual punishment by torturing me with severe mental & emotional pain & suffering and leaving me in a very bad situation where I am at substantial risk of personal injury or some other serious or irreparable harm and that all violates my equal protection of the law rights due to my mental illness, using a campaign of harassment & retaliation against me for pursuing legal relief, etc. ~ All of which has been perpetrated against me with evil intentions & evil motives illegally.

Give reason for appeal (Be Specific). I am dissatisfied with the response at Step 1 because...

It completely failed to resolve the complaint and it failed to grant my requested actions regarding Grievance # 2019009843, 2018186383, 2019002597 etc. → There's nothing regular about these complaints that begins with a Legal Letter from the "T.J. Solomon Law Group, PLLC" being opened outside my presence and sent to me in the regular general mail on 8-21-2018 which violates Attorney-Client Privilege... After that, Grievance Investigators have conspired together against my rights and violated my Protected Conduct of filing Grievances in order to obstruct justice and deliberately interfered with my access to courts rights with a campaign of harassment and retaliation for me trying to get legal relief.

* New Warden Pennie R. Kempt has completely avoided all these violations in Grievance # 2019009843 instead of solving the problems. She knows those Complaints were not processed correctly according to Federal & State law and AD-Q3.82 but says: "If you feel a procedural error has been made by staff, you may resubmit your documents through the Unit Grievance Office for further review." --- Really?? After Grievance # 2018186383 & 2018187454 were both rejected 3 times each by these same Grievance Investigators here on Michael Unit already? --- Warden Kempt is now also conspiring with the mailroom Supervisor Amy E. McCalister and all the involved Grievance Investigators against my rights in order to obstruct justice by deliberately violating my Protected Conduct of filing Grievances and

"Denial of Access To Courts Rights"

You must try to resolve your problem with a staff member before you submit a formal complaint. The only exception is when appealing the results of a disciplinary hearing.

Who did you talk to (name, title)? Every On duty Officer When? From 8-28-2018 to 10-9-2018
 What was their response? They signed the Activity Log and just left! / I don't know why/etc.
 What action was taken? Grievance Investigators deliberately not picking up Grievances regularly.

State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number if appropriate

On the following days Grievance Investigators either skipped the Pod or come on the Pod, signed the Activity Log and lied on it saying they checked all the Grievance Boxes and they were all empty and turned around left the Pod without actually walking around the Pod at all! 8-28-2018 ~ 8-30-2018 ~ 9-4-2018 ~ 9-7-2018 ~ 9-11-2018 ~ 9-17-2018 ~ 9-20-2018 ~ 9-25-2018 ~ 9-26-2018 ~ 10-2-2018 ~ 10-4-2018 ~ 10-9-2018 --- This is done deliberately and they also lie about when they received Grievances on a regular basis. OCT 15 2018 OCT 18 2018

This is harassment & retaliation for exercising access to courts rights and it is a crime that these individuals are doing on video cameras on a very regular basis... They are violating my Protected Conduct of Filing Grievances and also wasting taxpayers' money. This puts incarcerated persons at serious risk of personal injury and/or some other serious or irreparable harm because if something of Emergency nature happens and these corrupt investigators skip days on purpose it can lead to dangerous or even deadly situations. But they know exactly what they are doing with evil intentions & evil motives at taxpayers expense and at the expense of us incarcerated persons' Human, Federal, and State Rights but obviously they don't care at all according to their illegal actions. OCT 15 2018 OCT 18 2018

It is very cruel & unusual punishment to interfere deliberately with the main avenue of obtaining resolutions to complaints especially knowing that the majority of inmates here on 12 Building are mentally ill because of the Mental Health Therapeutic Diversion Program & Chronically Mentally Ill programs that are being operated here on 12 Building of Michael Unit. Its torture --- more torture.

I already expect these Grievance Investigators to go about their way not to process this Grievance and avoid the Office Of Inspector General once again and if it does get processed I imagine they will still avoid the O.I.G. either which way... They've been doing this crime for a long time now...

It was not processed correctly according to BP-03.77 & AD-03.82 and Federal & State Law. If you say it was processed correctly then the Leaders of the System: CID Director Larie Davis, Executive Director Bryan Collier, and TDCJ Chairman Dale Wainwright are fully responsible for the corruption in the Grievance System that is ongoing with non stop obstruction of justice, denial of access to courts & due process rights, etc. That means they are directly involved in a conspiracy against the Human & Federal Rights of Incarcerated persons in Texas... So who is it?? The Leaders?? or the Grievance Investigators on Michael Unit?? or all of them?? We already know who is responsible for hiding the Offender Grievance Operations Manual so it sure looks like the Leaders are fully involved in this crime...

Grievance Investigators Tammy Rainey & Monte Nabors et al are very deliberately conspiring against my rights by once again refusing to process a complaint about an issue regarding my food & trays being tampered with which has happened 4 times now. For these Investigators to block this issue from being investigated at all shows evil intentions & evil motives on their parts.  What action was taken? Grievance #2018151545 delayed return 26 days and torn/damaged

State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number if appropriate

I received Grievance #2018151545 26 days after C.G.O. B. Barnett gave a re-
sponse to it at Step 2 Level on September 13th 2018 on October 9th 2018 at
mail call and it was torn all down the left side of the Step 2 missing a large
piece of it... OCT 22 2018

Also, the Office of Inspector General has not interviewed my about OIG
case #1800005440 yet. OCT 22 2018

It only takes between 4 to 7 days for a Grievance to get from the
Unit Grievance Office to the Central Grievance Office and the same coming
back from the Central Grievance Office to the Unit Grievance Office, so,
the Unit Grievance Office Employees delayed the return of Grievance #201815-
1545 on purpose for somewhere between 14 to 22 days to harass/retaliate
against me for trying to exercise my access to courts rights and violate my
Protected Conduct of filing Grievances to also obstruct justice for actual
crimes being committed by Prison Staff. The Grievance Investigators here on
Michael Unit keep violating my rights and they keep committing crimes against
me non-stop. OCT 22 2018

As can be clearly seen, Grievance Investigators Brittani F. Rodriguez &
Tammy Rainey and Warden Charles O. Meador did not investigate or process
Grievance #2018151545 correctly to begin with deliberately to obstruct Just-
ice for actual crimes being committed by Prison Staff. OCT 22 2018

These Grievance Investigators have been violating my Protected Conduct of Filing Grievances and deliberately Obstructing Justice and purposefully interfering with my attempts to exercise my access to courts rights non-stop since February 13th 2018 when Prison Officials & staff stole half my property & assaulted and battered me during an excessive use of force where I was seriously injured...

Grievance Investigators at Michael Unit keep trying to obstruct Justice for the crimes committed against me by prison officials & staff on February 13th 2018 who stole half my property and assaulted & battered me with serious injuries. Those Grievances #s 2018098098, 2014003993, and 2014016043 were all not processed according to Federal & State Law and BP-03.77 & AD-03.82. There is no screening criteria for Emergency Grievances about crimes committed by prison staff or for denial of access to courts complaints, both of which is also supposed to be coordinated with the Office of Inspector General.

These Grievance Investigators involved in these forementioned complaints are committing crimes against me themselves by obstructing Justice. They are conspiring against my rights et al. & depriving me of my rights under color of law which is very cruel & unusual punishment and is torturing me and causing me severe mental & emotional pain & suffering and agitates my mental illness and violates my equal protection of the law rights. These individuals know exactly what they are doing to me illegally with evil intentions & motives.

Action Requested to resolve your Complaint:

All these Complaints investigated with the O.I.G. and all requested actions granted immediately. Transfer me away from Anderson County. Protection from all involved Staff.

Grievance Investigators once again deliberately refused to process a complaint about them not picking up Grievances like they are supposed to every single work day or business day. Monte P. NOV 19 2018

I know the Offender Grievance Operations Manual is in harmony with BP-03.72 and AD-03.82. For it to contradict those policies & Administrative Directives means CJD Director Larie Davis, Executive Director Bryan Collier, and Texas Board of Criminal Justice Chairman Dole Wainwright are to blame for alot of this corruption in the Grievance System regarding violations of Due Process of Law and Denial of Access To Courts Rights. As it is, they are already responsible because the Grievance System is supposed to under review by the Leaders of the System I mentioned and with that review done ethically it would be literally impossible for them to miss the non stop criminal activities going on and the Systematic abuse of the Protected Conduct of Filing Grievances Systemwide. They are obviously conspiring together with all Wardens, Grievance Investigators, Practice Managers, etal in order to interfere with access to courts rights & Due Process Rights which is...

State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number if appropriate

These Grievance Investigators Monte L. Nabors & Tammy L. Rainey are conspiring with others & together to obstruct justice for an actual crime where Building Inspectors have been passing the inspection of 12 Building for untold years when there is an extremely obvious major violation of Federal & State Law, and for a major Health Hazard of very bad air quality to the extreme, and for torturing me and everyone else that's mentally ill and forced to endure massive cruel & unusual punishment in solitary confinement.

Grievance #2019019418 is definitely not a Regular Grievance at all since it involves an ongoing crime and a technical Health Care issue that has been going on for decades now non stop violating Human Rights & Federal Rights and breaking both Federal & State Laws like Building Codes & Health and Safety Codes...

Now, these Grievance Investigators forementioned are deliberately violating my protected right of filing Grievances and violating my access to courts rights to Obstruct Justice for a long term Health Hazard and Crime as they conspire against the rights of me and every inmate on 12 Building of Michael Unit who at this time now are mostly mentally ill due to the Mental Health Therapeutic Diversion Program being in operation here on 12 Building and Chronically Mentally Ill patients being housed here so they violations also violate equal protection of the law due to that mental illness. These Investigators are torturing me personally for my endless efforts to obtain legal relief through the Grievance System and they are causing me severe physical, mental, & emotional pain & suffering by continuously violating my Human & Federal Rights while acting under color of State law which also very ~

greatly increased my pain. I have not been able to get the State Court
Sentence me to on December 2nd, 2005. At no time did the State Court puni-
sh me to non stop major violations of my Human & Federal Rights by Prison Off-
icials & Staff during my forced incarceration here in Texas and since my Rights
have been & are being violated illegally by Prison Officials & Staff non stop, I have
long ago & now already paid my Dues to Society since I have been tortured by
Prison Officials & Staff illegally non stop for years when they are supposed to repre-
sent the Supreme Law of The Land and Stand for Society itself but instead

for these Public Officials & Staff who are endlessly violating my Human & Federal Rights.

~Due Process Violations ~ Health Hazard ~ Access To Courts~

You must try to resolve your problem with a staff member before you submit a formal complaint. The only exception is when appealing the results of a disciplinary hearing.

Who did you talk to (name, title)? Grievance Investigators When? 10-8,11,15,18-2018What was their response? Submission in excess of 1 every 7 daysWhat action was taken? Health Hazard covered up in Grievance # 2014019397.

State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number if appropriate

Grievance Investigators Monte P. Nobors & Tammy L. Rainey are deliberately trying to cover up an ongoing Health Hazard here on 12 Building by violating my Protected Conduct of Filing Grievances. This Grievance # 2014019397 is a very technical Health care issue regarding a Health Hazard. Now, by obstructing justice they are violating my access to courts rights and due to the fact that there is a Mental Health Therapeutic Diversion Program, this violates equal protection of the law rights which are violated also due to the fact that not only does it violate the mentally ill but also because inmates on/in other prisons both State-wide and Nationwide are not or should not be treated so badly as this but either which way, these Grievance Investigators are Violating my Protected Conduct.

NOV 12 2018

Theres no way such systematic abuse and Health Hazards can be treated as a Regular everyday minor complaint ~ SO, my Human & Federal Rights are being violated by C.I.D. Director Lorie Davis, Executive Director Bryan Collier, T.B.C.J. Chairman Dale Wainwright, Monte P. Nobors, and Tammy L. Rainey while acting under color of state law which very greatly increases my punishment way above & beyond what the State Court sentenced me to on December 2nd, 2005 specifically by allowing a corrupt Grievance System to stay in operation regardless of its ineffectiveness in solving serious Human Rights violations on a very regular basis, conspiring together against the rights of incarcerated persons, allowing Health Hazards and Crimes to go on unabated deliberately. Why else hide the Offender Grievance Operations Manual? torture by allowing and/or participating in causing me and others incarcerated severe physical/mental/emotional pain & suffering by making it near impossible to get any relief or resolutions for any complaints filed on a regular basis.

deliberately putting a massive burden on my attempts to exercise my access to courts rights, violating taxpayers rights who pay for a useless Grievance System & Staff, deliberate indifference to a serious Health Hazard, allowing Building Inspectors to pass a building's inspection when it obviously needs to be shut down or a problem fixed immediately, etc. all of which is being done with evil intentions & evil motives.

Who did you talk to (name, title)? Warden Meador & B. Howard ARD When? 7-13-2018 & 10-15-2018

What was their response? Negative...

What action was taken? Serious Health Hazard being covered up by these Prison Officials...

State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number if appropriate

Regarding Grievance # 2018145655 ... First, I didn't get the Step 2 & 1 back until October 24th 2018 that B. Howard responded to on 10-15-2018 so the Unit Grievance Staff held on to it for at least 10 days for no good reason. Then you have Warden Charles O. Meador II falsifying an official document when he knows very well there are no exhaust vents built into the ceilings of every section of every pod on 12 Building of Michael Unit... Then here goes B. Howard at the Central Grievance Office conspiring together with Warden Charles O. Meador et al against my rights & the rights of all incarcerated persons here on Michael Unit on 12 Building... These individuals know there is no exhaust system built into each section of every pod on 12 Building like there is supposed to be according to Federal & State Law... This problem is a long term major Health Hazard that continues to be deliberately covered up by Prison Officials & Staff and Building Inspectors both here on Michael Unit and in the Central Grievance Office... The involved Building Inspectors are committing a crime each time they pass the inspection of 12 Building when it is very obviously out of compliance with Building Codes/standards and violates Federal & State Laws like Health & Safety Codes also...

This problem is magnified by mold in the walls and dust in the vents too. We the incarcerated persons are being tortured with very bad air quality here on 12 Building of Michael Unit and it causes serious mental, emotional, and physical pain & suffering. These Prison Officials & Staff along with the Building Inspectors are showing very deliberate indifference & gross negligence in order to avoid 12 Building getting shut down until it is in full compliance with Federal...

and State Law. They make us suffer non stop to save money. They violate Human Rights & Federal Rights to save money. They are very seriously agitating my mental illness and I'm forced to breathe very bad air quality on a regular basis. This complaint involves an ongoing crime and Health Hazard and should be coordinated with the Health Services Division & the Office of Inspector General.

All involved individuals who have been acting under color of state law are conspiring together against my rights non stop especially since February 13th 2018, torturing me non stop... These people are violating my Protected Conduct of Filing Grievances deliberately. They act as if they are in the right or as if the "Offender Grievance Operations Manual" that was removed from all T.D.C.J. Law Libraries to hide its unconstitutional content contradicts AD-03.82 and if it does contradict and it is unconstitutional then C.I.D. Director Larie Davis, Executive Director Bryan Collier, and T.B.C.J. Chairman Dale Wainwright are violating me and all incarcerated persons in the Texas Department of Criminal Justice and depriving us of our rights under color of law which specifically obstructs justice non stop...

Grievance Investigators J. Back, Melissa B. Vixtha, and Brittani F. Rodriguez
have conspired together against my rights to obstruct Justice and deny me
all my requested actions... Grievance # 2014026283 was not processed
correctly and Grievance # 2018151660 has never been resolved and #
2018151545 was not directly related and it has not brought any relief or
resolution either. The issues brought forth in Grievance # 2018048098 and
2018048045 were also never resolved either so Grievance # 2014026283 is
most definitely not redundant since none of the forementioned complaints
have been resolved whatsoever.

All the Grievance Investigators involved in all these complaints fore-
mentioned are deliberately violating my Human & Federal Rights while acting
under color of State Law which very greatly increases my punishment way
above and beyond what the State Court sentenced me to on December 2nd
2005 specifically by conspiring together with others against my rights, depriving
me of my rights under color of law, violating my Federally Protected Activities,
Obstructing Justice for the crimes committed against me by Prison Employees on
February 13th 2018, violating my Protected Conduct of Filing Grievances and in-
terfering with my access to courts rights, violating my Freedom of Speech & Assoc-

improperly screening said documents with bogus reasons when these complaints are
Emergency in nature, leaving me in a situation where I am still at risk of

Who did you talk to (name, title)? Every On Duty OfficerWhen? From 10-10-2018 to 02-20-2019What was their response? They just signed the Activity Log and left the Pods without going around.What action was taken? Grievance Investigators deliberately violating Protected Conduct of Filing Complaints.

State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number if appropriate

On the following dates, Grievance Investigators deliberately came to 12 Building and signed in the Activity Logs with false information and turned around and left the Pods without going around picking up any Grievances out of the Grievance Boxes like they were supposed to: 10-10-2018, 10-16-2018, 10-17-2018, 10-19-2018, 10-23-2018, 10-25-2018, 10-30-2018, 11-1-2018, 11-2-2018, 11-5-2018, 11-6-2018, 11-9-2018, 11-13-2018, 11-19-2018, 11-23-2018, 11-24-2018, etc. which very clearly violates Due Process of Law and Access To Courts Rights and it obstructs Justice and violates the rights of mentally ill incarcerated persons such as myself.

DEC 17 2018 JAN 02 2019

On top of their conspiracy against the rights of mentally ill incarcerated persons, they treat serious complaints as if they are regular everyday issues or small issues when in fact the majority of complaints I have filed are either serious or very serious Grievances. They constantly abuse the screening process and their Superiors allow it to go unabated regardless of the severity of the complaints. They also count weekends & holidays & other days where they don't process any complaints or investigate any Grievances or pick up any Grievances against the 15 day time limit of filing Grievances when in fact they shouldn't be counting those days against any time limit when they are not doing their job at all and there is already a burden on incarcerated persons to gather legal materials or any other necessary information to file the complaints with all necessary information especially in all forms of solitary confinement and that is all completely unconstitutional and agitates my mental illness. Also, there shouldn't be any time limit for serious violations of Federal & State Law but all these Grievance Investigators use a time limit anyways and violate Federal & State Law themselves.

Taxpayers are also being violated by these Grievance Investigators who get paid with their hard earned money but turn around and violate incarcerated persons protected conduct of filing Grievances every which way they can and waste Taxpayers money due to actual litigation that comes forth due to them deliberately not resolving complaints on a regular basis...

State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number if appropriate

First of all, I did not receive that Grievance until 12-05-2018 at mail call...
Next thing is that Warden Pennie Kempt responded on 10-25-2018 to the Step 1
but I did not receive it back til 10-31-2018 but Investigator ID# I-2545
falsely claimed that it was returned to me on 10-26-2018. I filed my Step 2 Gri-
evance on 11-09-2018 but that day Grievance Investigator Britanni Rodriguez
came to E-Rod at about 7:45am, signed in the Activity Log and turned right
around and left the Rod without picking up any Grievances at all and also Monte
P. Nobars did the same thing on 11-13-2018 at about 6:50am so these Invest-
igators falsified the Step 2 Grievance by falsely claiming that UGI Received
my Grievances on NOV 14, 2018... But aside from all these violations of my Due
Process and tampering and/or interfering with my access to courts rights on
purpose, all these Grievances should never have been rejected that begins with
a Federal Offense of Conspiracy Against my Rights, Deprivation of my Rights Under
Color of Law, Violating my Federally Protected Activities, and tampering with
my Legal Mail from the "T.J. Solomon Law Group, PLLC" in Grievance # 201818-
6383 and progresses through a series of complaints where Grievance Investi-
gators Obstruct Justice and Violate my Protected Conduct of Filing Grievances
and harass & retaliate against me for trying to exercise my access to courts
rights in Grievance #s: 2018186383, #2018187454, #2019002547, #2019009843.
These involved Grievance Investigators have all violated Federal & State Law
in these complaints deliberately and here in Grievance # 2019009843 the
Central Grievance Investigator who scribbled their name & initials where you
can't read it and also mysteriously did not put their Investigator ID # to avoid
and/or obstruct Justice, screens the Grievance as: Grievable time period has expired.

DEC 17 2018

DEC 27 2018

JAN 02 2019

There is no 15 day time limit on Emergency Grievances about crimes, any allegations of harassment or retaliation for exercising access to courts rights, etc. to begin with. And regardless of that fact, these Investigators are counting days where they do not pick up Grievances, investigate Grievances or process any Grievances whatsoever against the 15 day time limit such as weekends and holidays and they treat serious violations of Federal & State Law as if they are Regular Everyday Complaints and all that is completely unconstitutional & illegal since its being done deliberately and during those 15 days in Solitary Confinement we incarcerated persons are forced to struggle to prepare complaints against our Human Federal Rights with very limited access to legal materials in a timely fashion.

Action Requested to resolve your Complaint: *Reinvestigate all forementioned Grievances in this Grievance
Increase the 15 day time limit for filing Grievances to 30 days & stop counting holidays & weekends against that time limit...

In Grievance #2019038375 & #2019038378 Grievance Investigators Brittoni F. Rodriguez & Melissa B. Vixha conspired together with mailroom staff to cover up serious delays being done deliberately by mailroom prison staff here on Michael Unit and by doing so are violating my Protected Conduct of filing Grievance and putting a very serious burden on my access to courts rights and they are obstructing Justice for mailroom staff obstructing my mail/correspondence.

To treat complaints about incoming and outgoing mail as a regular issue to avoid an investigation is criminal in nature and unconstitutional. If there is any policy that supports this particular behavior in the Offender Grievance Operations Manual or elsewhere then CID Director Lorie Davis, Executive Director Bryan Collier, and T.B.C.J. Chairman Dole Wainwright are both violating my Human & Civil Rights and violating Federal Law and conspiring together against the rights of all incarcerated persons to ultimately interfere with Access To Courts Rights and hamper litigation on purpose which can obstruct Justice, agitate mental illness, cause a major burden on freedom of speech & association, etc. --- otherwise it's these Grievance Investigators here on Michael Unit violating my Human & Civil Rights non-stop.

Who did you talk to (name, title)? Warden Charles Meador & CGO - B. Howard "ARD" When 9-10-2018 and 11-1-2018

What was their response? Negative & False...

What action was taken? Ongoing Health Hazard Dirty Filthy Showers

State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number if appropriate

In Grievance #2018181095 both Warden Charles O. Meador and Central Grievance Officer B. Howard both avoided comparing Activity Logs to Security Video data and saving that video data for evidence... Warden Meador lied about Captain Jamadre Enge inspecting Showers and saying they were clean. CGO B. Howard made a false statement also all the way across... Nothing was done appropriately and there is tons of evidence on video, in the Activity Logs, and in all the Showers on 12 Building on every Pad.

As of right now, I am on 12 Building E-Pad and the Showers have not been cleaned a single time since October 30th 2018 for about 20 seconds and before that on October 18th 2018 and before that on 10-08-2018 so right now no-one has cleaned any Showers for 51 days and counting. The Activity Logs alone can prove this but if they show otherwise then they should be compared to Video Data for all those times & dates because the Showers are absolutely filthy with grime, slime, hair particles, bodily fluids, bacteria, etc. real bad and smell awful and are also full of mold, spiders, and cockroaches. There's also no light in alot of the Showers at all.

These forementioned individuals are conspiring together et al. to cover up a very serious Health Hazard deliberately which very greatly increases my punishment way above & beyond what the State Court sentenced me to on December 2nd 2005 which also is torturing me by causing me extreme mental & emotional pain & suffering and threatening my physical well being and seriously is agitating my mental illness.

What was their response? Grievable time period has expired

Grievance Investigators Melissa B. Vixtha, Britanni F. Rodriguez, and their Supervisor Margaret M. Price are conspiring together with mailroom staff here on Michael Unit against my rights. They are obstructing justice by deliberately violating my Protected Conduct of filing Grievances and harassing me for trying to exercise my Access To Courts Rights in Grievance # 2019049912 which pertains to serious violations of my Federally Protected Activity of receiving Legal Mail without it being delayed on purpose which violates my Freedom of Speech & Association Rights also and seriously agitates my mental illness...

As I explained in Grievance #2019049912 very clearly, the mailroom representative delivered the letter from the "T.J. Solomon Law Group, PLLC" to me on November 26th, 2018 which was sent "First Class Mail" to me on November 15th, 2018 from the "T.J. Solomon Law Group, PLLC". I filed the Step 1 on December 11th 2018. The Grievable time period can not be expired but there should be a time period regarding the Obstruction of mail anyways since Obstructing mail/correspondence deliberately is a Federal offense.

Grievance #2019049912 was not processed correctly at all and all my Requested Actions were ignored deliberately to cover up a Federal offense and serious violations of my Human & Civil Rights. These forementioned Grievance Investigators are abusing their position while acting under color of state law and by corrupting the Grievance Process they are also violating the rights of taxpayers because the corruption & inhumanity forces litigation because the Grievance System gives very little & mostly no relief ~

Whatsoever... These Forementioned Grievance System Investigators are deliberately depriving me of my rights under color of law with evil intentions & evil motives by using a campaign of harassment & retaliation against me for me trying to use my Protected Conduct of filing Grievances and for me trying to exercise my access to courts rights...

Warden Pennie R. Kempt has once again violated my Protected Conduct of Filing Grievances by Obstructing Justice in Grievance #2019062948 and taking part in the ongoing conspiracy against my rights here on Michael Unit especially since February 13th 2018 when Prison Officials & Staff stole half my property and assaulted & battered me with serious injuries in a Mental Health Program being payed for by Taxpayers... Warden Pennie R. Kempt has deliberately avoided the Office of Inspector General and purposefully denied me my requested actions. She also made false statements regarding Grievance #2019049912 regarding there being no evidence to support my claims that the Grievance Department & Mailroom are conspiring against my rights when in fact theres well over a year of solid evidence in my Grievance File, Medical File, and at the "T.J. Salomon Law Group, PLLC".

My Human Rights & Fedral Rights are being violated by Warden Pennie R. Kempt while acting under color of state law which very greatly increases my punishment way above & beyond what the State Court sentenced me to on December 2nd, 2005 by actively participating with many others in a major conspiracy against my rights since she got to Michael Unit in 2018, continuously obstructing justice for crimes against me by other Prison Officials & Staff, avoiding the OIG to cover up these crimes, deliberately aggravating unnecessarily the suffering inherent in the loss of my self determination & liberty, wasting Taxpayers' money with a bogus Grievance System that's completely corrupt, ~

allowing the obstruction of my Legal Mail in the Unit Mailroom to go unpunished and unfixed or unsolved, etc. ~ all of which she has done with evil intentions & evil motives to violate my Human & Civil Rights on purpose. My Human & Civil Rights are being violated by Warden Charles O. Meador & Central Grievance Officer J. Smith while acting under color of state law regarding Grievance #2019026284 where they both violated my Protected Conduct of Filing Grievances which very greatly increases my punishment way above & beyond what the State Court sentenced me to on December 2nd 2005 specifically by conspiring together et al against my rights, depriving me of my rights under color of law, violating my Federally Protected Activities, etc.

These individuals are involved directly in illegal activities against me. They know very well it is a false statement to attempt to blame the United States Postal Service for absurd delays of first class legal mail when it has happened a whole bunch of times here on Michael Unit as I have documented carefully over the last year now. These people forementioned are obstructing justice for the obstruction of legal mail coming from the "T.J. Solomon Law Group, PLLC" which is a serious violation of my Access To Courts Rights & Due Process Rights. Due to the fact it has happened a bunch of times here on Michael Unit and every time Unit Grievance Investigators, Wardens, and/or Central Grievance Investigators go out of their way to try and cover up this ongoing major obstruction of legal mail by Prison Mailroom Employees on the Michael who are also conspiring with others to violate my rights illegally.

The delays in receiving this legal mail are being done deliberately by Prison Mailroom Staff here on Michael Unit. They are breaking Federal & State Law on purpose to interfere with my Legal Work. Postmark dates very clearly

show delivery time frames along with dates on the actual legal mail itself. The Michael Unit mailroom staff have every reason to tamper with my mail since they work for the System I'm challenging and with the people who will definitely be on my Defendants List along with the fact that some of them are going to be on the same list for sure themselves. I seriously doubt that Board Policy 03.91 supports illegal activities in the mailroom on Michael Unit... Warden Meador & J. Smith have violated my Protected Conduct of filing Grievances by retaliating against me for filing a Grievance. They have now tampered with a legal document deliberately to oppress me which very seriously agitates my mental illness.

Grievance Investigators Rachel R. Rowland & Margaret M. These people have been conspiring against my rights with others. Although Rachel R. Rowland has only recently got into the Grievance Office, she still quickly joined the conspiracy against my rights along with the campaign of harassment against me that has been going strong for over a year now since February 13th, 2018...

My rights were violated in Grievance #2019033014 so Grievance #201909459 or 2019102489 should have been investigated properly. I have requested protection from Grievance Supervisor Margaret M. Price many times before but she continues to violate my Federally Protected Activities non stop! This entire Grievance Office has been violating my Access To Courts Rights non stop since February 13th, 2018 up til now! It's actual torture and is causing me severe mental & emotional pain & suffering especially with my mental illness...

This is not an isolated event at all and people who violate my Human & Civil Rights should not be allowed to investigate my Grievances at all! As stated on the instructions on how to write and submit grievances, "do not use a grievance form to comment on the effectiveness and credibility of the grievance procedure; instead, submit a letter or I-60 to the administrator of the Offender Grievance Program". Upon initial receipt of the Step 1 grievance in question, it was inappropriately screened for out of time, submission in excess of 1 every 7 days, and redundant. At the time of the second submission, this grievance was again screened utilizing inappropriate screening criteria. When the grievance was submitted the third time, it was appropriately screened as a non-grievable issue, and remedial training was conducted with grievance department staff.
